Kindness to Others

We Americans are too busy to how much kindness to others. When a mean once sets about his life's work of making a living he has no time to be picking up friends or going about into the highways and by-ways to show sympathy with lonely or tempted souls. It is uncivil, meddling, according to his code. But this reticence may be carried too far. How many a young man is there to-day in this and every great city, who has come up from some poor home, followed by the prayers of father and mother; who is fighting day by day temptaonl, if he yield-, and from which proper companionship would save him. He is otterly friendless and alone. He goes to church, and the rowd of well meaning brush him past without a word He goes to work and his employer puts him aside at night as he does the ledger, s a tool, not a human being. Would not a word of sympathy be of priceless value? Justice T. J. Thompson and City Attorney Sterling, of this city, have opened up an interesting subject—but one which appears hitherto to have been but imperfectly understood—by their correspond ence published in Saturday morning's Journal in reference to the fees of Justices. tices and Constables or Policemen. Mr. Thompson says that he learns from the newspapers that it has been the custhe newspapers that it has been the cus-tom, if not the universal practice, when an individual charged with being "drunk and disorderly" is brought before a Jus-tice of the Peace, to impose on him a "fine of \$3 and costs." The "costs" are represented to amount to \$4.85, of which \$3.40 and sometimes \$3 goes to the po-liceman and the remainder to the Justice

larger concession of \$3 being made to the policeman as an inducement to bring his business to the Justice, who contents himself with the remaining \$1 85.

It is hinted, if not directly asserted, that the amount of fees exacted is not al ways controlled by the question whether there has been a trial and an execution

July 30, 1841—4&wtf An English Idea of the Aboriginals. Cincinnati Raquirer.

Speaking of his visit to England last year, John T. Raymond recently said at a London dinner party the lady he escorted to the table said to him in a very earnest voice: "Mr. Raymond, are you really an American? You are not in the least like my idea of one." "I am an American, but not an

aboriginal," responded he. "An aboriginal! You mean an Indian. That reminds me to ask if von have much trouble with the Indians in New York?"

"No; we have got them pretty well under there," was the reply.

"And are they—do they dress as "Oh, yes; in New York city they are great anobs, but at Niagara Falls

they run about in the simplicity of nothingness." "How dreadful!" murmured the lady; "and Dean Stanley wrote so glowingly of the place and never

said a word about it." The Hell of the Hindoos.

The Hindoo idea of hell is differ-

ent from those set forth in the con-

fessions of faith and creeds of most of the denominations of Christianity. Punishments for the most part are in the way of transformations into unpleasant creatures. Those who have been drunkards on earth are in the next world changed into frogs. This ought to be regarded as an improvement rather than a punishment, for a frog is a cold water animal of commendable habits, and never goes staggering around with a red nose or a bloated face. Dissenters from the true faith are turned into snakes. Backbiters are changed to tortoises, and misers to cranes, which seems infelicitous, as the crane is one of the few creatures that can bite its own back, and the tortoise with its ability to shut up would serve as a fit emblem of the miser's strong box. Flesh eaters are to be eagles; thieves are to be deprived of their power of hearing and debtors are to be bullocks. The last transmogrification probably has reference to the way in which poor debtors are sometimes slaughtered by their creditors in the present life. The Hindoo hell does not include the notions of brimstone and con-
